

AAASE ENVIRONMENTAL POLICY

AAA Sales & Engineering manufactures products for customers all over the world. At AAA Sales & Engineering, Inc., we respect our natural resources and will strive to continuously reduce our impact on the environment through the use of state of the art technologies to monitor the impact and effects to the environment of our manufacturing processes and products sold to our customers.

- AAA is committed to continuously improve the environmental processes related to the manufacturing procedures performed to produce our products.
- AAA will comply with all applicable legal requirements that are applicable to our industry.
- AAA will continuously review its environmental Policy, objectives and targets during its Management Review Meetings.
- AAA's Environmental Program will be documented, implemented and maintained.
- All of our employees have been trained on this policy and are involved in the process of eliminating waste and using our resources responsibly. AAA's Environmental Program will be communicated to all employees
- This policy will also be made available to all of our employees on our company web site and for the public to review.
